the HOLY BIBLE
A2023

Immutable, Impossible for
God to lie which is not an-
other but there be some that
gospel of Christ, but though
we or an angel from heaven
preach any other gospel unto
you that ye have received
let him be accursed and the
Lord said My Spirit shall
not always strive with man
for that he also flesh yet his
days shall be an hundred and
twenty years. In the begin-
ning was the Word and the
Word was with God and the
Word was God. For there
are three that bear record in
heaven the Father the Word
and the Holy Ghost these
three are one. For God so

loved the world that he gave
his only begotton Son that
whosoever believeth in him
should not perish but have
everlasting life. God is a
Spirit and they that worship
him must worship in spirit
and in truth Jesus saith unto
him I am the way the truth
and the life no man cometh
unto the Father but by me,
but the Comforter the Holy
Ghost whom the whom the
Father will send in my name

he shall teach you things
and bring all things to your
remembrance whatsoever I
have said unto you. Peace I
leave with you my peace I
give unto you, let not your
heart be troubled neither let
it be afraid, even so it is not
the will of your father which
is in heaven that one of these
little ones should perish. The

Lord is not slack concern-
ing his promise as some
men count slackness but is
longsuffering to us- ward
not willing that any should
perish but that all should
come to repentance. But the
fearful and unbelieving and
the abominable and murder-
ers and whoremongers and
sorcerers and idolater and all
liars shall have their part in
the lake which burneth with
fire and brimstone which is
the second death. I tell you
Nay but except ye repent ye
shall all likewise perish.

But though we or an angel from heaven preach any other gospel unto you than that which we have preached unto you, let him be accursed. From the Mayor's Desk

Time to Get to Work for the People of Natchez!
Dan M. Gibson, Mayor of Natchez

This week our city held municipal elections which, despite a final election still to take place in June, effectively set the stage for what will likely constitute our city's leadership for the next four years.

The mayor, judge, and three alderman races were unopposed. And three alderman races that were opposed were decided in favor of the incumbents. As a result, with only one alderman race facing opposition in June (that likely will be of little consequence), it appears that the current slate of city leaders will continue to serve for another four years. Looking at what we've been able to accomplish during the past four years, I am encouraged that this means a continuation of progress, meaning that our Natchez Renewal will continue rolling forward, gaining even more momentum for even greater things to come!

I want to take a moment to congratulate every alderman and our city judge on their soon to be affirmed reelection. And I want to thank you, the people of Natchez, for the confidence you have placed in me as your mayor, allowing me to run unopposed for another four years. I am humbled. I am grateful. And I am excited!

It has been said that our country has been overrun with politicians who put themselves first and the people last. I pray that the opposite will be said of us - that we put the citizens of Natchez first, and ourselves last. We are public servants after all.

Too often in today's culture, people in politics are more focused on winning than doing the right thing. And often, they argue just to argue, and in the end, the people lose. I believe this is the reason we see such apathy and cynicism in our country today, and watching the news, and witnessing the actions of those who are supposed to be our leaders, I can't say that I fault the American people for losing faith in their government.

I am grateful that things seem to be different in Natchez. And if I've learned anything over the past four years, it is this: we can accomplish more together than we can apart. And while we aren't always going to agree, and in fact sometimes we will disagree, we don't have to be disagreeable.

Early on the morning of Election Day I said this prayer: that God would continue to bless our city as He guided those voting to vote for individuals who are kind, honest, and motivated to do the best for our city and for our citizens, putting aside political agendas based upon argument and division, and working together for the greater good.

We have by His grace made tremendous progress over the past four years, despite some who opposed progress at every turn.

My prayer now is that the next four years will be truly great - that our city will work as a team, moving forward in a way that sets the standard for other cities to follow. We have accomplished much yes. But there is so much more to be done.

Now is the time to roll up our sleeves and get the work done. I for one can't wait! Because Natchez Deserves More.
